Smart-Ext: Automatic Extinguisher

Smart-Ext – "The next generation of extinguishers!" -
Koso Technologies in cooperation with Fire Safety & Emergency Center present the new generation of extinguisher – Smart-Ext (Smart Extinguisher) – A Multi functional high performance (compare to its size and capacity):

- A. Can be used in a fixed installation above hazardous area (Like above stove in the kitchen) and operates automatically by a "Heat sensor" that can be programmed accordingly
 - B. Can be thrown to fire as a "Grenade", activating sensors that alert before releasing the extinguishing material (Notify: The system is gas pressured, there is no Explosion)
 - C. Can be used manually as a regular Fire Extinguisher
- **Smart-Ext** has been Tested and checked thorowly at the Fire Safety & Emergency Center up to perfection for its use.
 - The Automatic system activated by electronic sensor that alert the user with every function and before releasing the extinguishing material.
 - Although its size and sophistication, its price is convenient to everyone

Smart-Ext - "A small Extinguisher with High Performance!"
